

Formulation : Liquid concentrate (1-0-8)

**Guaranteed Analysis**

Total Nitrogen (N) .....	1.0 %
1% Water Soluble Nitrogen	
Soluble Potash (K <sub>2</sub> O) .....	8.0 %

Derived from: sugar cane vinasses

Smartfoil may be used for all crops and non-crops as part of a balanced foliage feeding program to reduce the effect of abiotic stresses.

**DIRECTIONS FOR USE**

***Shak Before Use***

SMARTFOIL can be used at 1 to 1.5 quarts per acre and 1 to 5 applications prior or at flowering and fruit/seed set.

Apply in 5 to 100 gallons of water per acre to ensure adequate foliage coverage. Do not apply undiluted. Apply only as directed.

May also be used for nutrient supplementation during times of abiotic stress such as low moisture periods or temperature fluctuations.

**APPLICATION RATES**

**Field crops:**

Cotton, rapeseed (canola), legumes, corn: one to two applications at 1 qt/a near flowering.

Cereal grains: one application at 1 qt/a from flag leaf to flowering.

Forage crops: one application at 1 qt/a 5 to 7 days after each cut.

**Specialty crops:**

Orchards and grapes: 2 to 3 applications at 1.5 qt/acre from pre-flowering until the beginning of fruit set.

Solanaceous crops, cucurbit crops and small fruits like strawberries or berries: 3 to 5 applications at 1.5 qt/a every 15 days from flower appearance to fruit set.

**APPLICATION INSTRUCTIONS**

1. Shake Smartfoil container thoroughly before use.
2. Add the required amount of water to half of the mix tank.
3. Add the required amount of Smartfoil and mix thoroughly.
4. Continue agitation during application.

**2.5 gallons**  
(9.5 L)

## COMPATIBILITY

Smartfoil is compatible with most fungicides, insecticides and herbicides.

## PRECAUTIONARY STATEMENTS

**CAUTION.** The use of this product on any crops other than those recommended may result in serious injury to the crop(s). Use only according to manufacturer's directions.

Keep Out of Reach of Children. Avoid contact with skin, eyes or clothing. Do not take orally. Avoid breathing spray mist. Wear eye and skin protection, such as safety glasses and waterproof gloves. Wash thoroughly with soap and water after handling this product and before eating, drinking, chewing gum, or using tobacco.

*Information about the components of this product may be obtained by writing to contact-agx@agrauxine.lesaffre.com and providing the batch number which is found on the product container.*

*Information regarding the contents and levels of metals in this product is available on the internet at: <http://www.aapfco.org/metals.html>*

## STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal of this product. Storage: Store in a cool, dry place out of direct sunlight. Store in original container only. Do not add anything to the container. Keep container tightly sealed when not in use. Lower storage temperatures may cause thickening of the product, but solubility and efficacy are not affected. Store between 40° F and 90° F.

Disposal: Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal if allowed by law. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at [www.acrcycle.org](http://www.acrcycle.org). Decontaminated containers and materials must be disposed of in a manner allowed by local, state and federal laws and regulations.
