3.1 L

America's Best Inoculant[®] for Soybeans

SHAKE WELL BEFORE USING.

Use product within 24 hours of opening.

This product is intended to inoculate soybeans. Not a plant food product.

DIRECTIONS FOR USE:

This product is intended for nitrogen fixation and to improve nutrient availability.

APPLICATION RATE ON SEED:

2.1 fl. oz. / 140k unit of seed.

- Open package only when ready to use.
- Extender is recommended for longer planting windows. For current "planting window" recommendations, and the latest seed treatment compatibility information, please contact your Agrauxine Corp. representative; go to agrauxine.us or call Agrauxine Corp. at 877-617-2461.

- Use before expiration date.

BATCH APPLICATION: 1. Open box and remove cardboard insert and measuring cup. 2. Pull bag cap through circular opening and close lid. 3. Measure the appropriate amount of America's Best Inoculant for Soybeans for the amount of seed being inoculated. 4. Apply uniformly over the top of the seed and stir until all seeds are coated. For optimal performance of America's Best Inoculant for Soybeans, plant seed immediately.

BULK AND CONTINUOUS APPLICATION:

Remove bag from box. Attach applicator cap and tubing. Hang bag from loop on bag. For complete instructions see sheet inside of box.

IN-FURROW USE: America's Best Inoculant must be emptied into spray tanks that have been cleaned and are free from all chemical residue. Dilute inoculant in clean, cool, NON-CHLORINATED WATER. Recommended rate of water per acre is 10 to 20 gallons. Regardless of planting row width, the 105.0 fl. oz. bladder of America's Best Inoculant treats 12.5 acres.

RECOMMENDATIONS FOR ADVERSE CONDITIONS OR NEW "VIRGIN" SOYBEAN FIELDS: When any of these conditions are present, Agrauxine Corp. highly recommends at least a double (2x) rate of inoculants. ABI Sterile Peat is highly recommended to be used as a second inoculant to achieve at least a double rate: • Soil has not hosted the specific legume for more than three (3) years • Soil pH is less than 5.8 (the pH should be adjusted by liming prior to inoculation) or Soil pH is more than 8.5 • Organic matter is less than 1.5% • Drought or flooding has occurred • Topsoil exceeds 80°F • Soil erosion • Use of soil treatments and chemicals injurious to soil bacteria and inoculants.

STORAGE INSTRUCTIONS: Contains living micro-organisms. Store packaged in a cool dry place between 40° and 77°F out of direct sunlight. Do not allow to freeze. Open package only when ready to use. Use product within 24 hours of opening. Close cap on the bladder to minimize contamination.

Information regarding the contents and levels of metals in this product is available on the internet at aapfco.org/metals.html

LIMITED WARRANTY: Agrauxine Corp. guarantees the cultures in this product will inoculate the quantity and kind of seed specified on this package when: **1.** Product is used before the expiration date; **2.** Product is stored properly as prescribed by the label; **3.** Product is used under favorable soil and weather conditions. **4.** Product is used in accordance with directions for use noted on this package and other technical recommendations referenced on this label.

All field performance complaints must be brought to the attention of Agrauxine Corp. within seventy (70) days of planting.

AGRAUXINE CORP. MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS, WARRANTY OF MERCHANTABILITY, OR WARRANTY OF A PARTICULAR PURPOSE, OR ANY OTHER EXPRESS OR IMPLIED WARRANTY. COMPANY'S LIABILITY IS HEREBY EXPRESSLY LIMITED TO THE PURCHASE PRICE OF THIS PACKAGE ONLY. IN NO EVENT SHALL AGRAUXINE CORP. OR ANY SELLER OF THIS PRODUCT BE LIABLE FOR CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT.
